Lycos Energy Inc.
Effective as of and from February 1, 2023

Corporate Policies & Procedures

Lycos Energy Inc. (“**Lycos**” or the “**Corporation**”) is committed to maintaining the highest standards of integrity and accountability in its business affairs while at the same time growing its business and enhancing shareholder value. The guidelines and principles that should govern our business conduct are set out in the Corporation’s code of business conduct and ethics (the “**Code**”). As part of our commitment to ethical and responsible business conduct, we are committed to seeking to maintain accountability of our accounting, internal controls and auditing processes (“**financial matters**”). It is also our policy to seek to ensure compliance with all applicable legal and regulatory requirements relating to our business in all material respects. We expect all of our officers, directors and employees to participate actively in seeking to maintain this standard.

1. Purpose of Policy

The purpose of this whistleblower policy (the “**Policy**”) is to provide officers, directors and employees with a process for disclosing complaints or concerns regarding financial matters and other matters, including violations of our Code. This Policy tells you exactly how and where to submit a complaint or concern, who deals with your complaint and how that complaint is expected to be handled, processed and documented. This Policy also describes the standards and principles that are expected to govern the processing of all complaints and concerns whether they are received from people within the Corporation or external parties, including protecting the confidentiality and anonymity of any submission by employees or consultants of the Corporation.

2. Procedures for Receiving and Addressing Complaints and Concerns

The Corporation has an open door policy and invites all directors, officers and employees to share their questions, concerns, suggestions or complaints with someone who can address them properly. In most cases, your immediate supervisor is in the best position to address an area of concern. Where it is appropriate, you can also speak to anyone in management whom you are comfortable in approaching. For situations when you are not satisfied or comfortable with following the Corporation’s open door policy, see below:

The applicable Chair will ask the Corporate Secretary to supervise the maintenance of a log (the “**Logs**”) of all complaints and concerns received from any source.
